

DC Dolphins Refund Policy:

Once a player is paid and registered, what is the policy for refunds? The following guidelines will be used:

- A. Prior to the start of player evaluations and prior to Team Formation: Full refund minus any processing fees.
- B. After Team Formation: There are NO Refunds.*

The Sports board reserves the right to review the circumstances in each case and they may decide to hand out a different ruling than what is outlined above.

*Medical refunds are always considered. However to be considered the request for refund must be accompanied with a note from the attending Physician stating the reason the player cannot play and the length of time. The letter must be on the Doctor's letterhead with name and phone number listed so we can contact with any questions. The refund may be pro-rated and fees may be deducted.
